HERALD OF FREEDOM is an independ-
ently owned newspaper, devoted to Freedom
interests of Kansas Territory. It is pub-
lished at Lawrence, Kansas T., on Saturday of
each week, at \$4 per annum, *strictly in advance*.
It contains what is called "white columns
of murder," printed on thin white paper of
superior quality, with new Scotch-faced
the best of black ink, and is a subject
commendation by all who see it for its neat
and clear execution.

HERALD is thoroughly anti-slavery, and
uses every energy to accomplish the object
of its mission, which was to bring about
a free State. To the pioneer, or those
contemplating locating in the Territory, is
almost indispensable, as it will abound
observations on the soil, climate, produc-

the natural resources of the Territory. The location is so favorable to the use of the great rivers, distances, and cost of travel, various articles which the pioneer should have him to sell, that he can be abundantly and richly remunerated the subscriber for investing investment. The eastern politician and merchant, who are great political and commercial agents, will be glad to keep the friends of the great question of religious freedom, will hail the advent of *HERALD* weekly with much delight. It is to be hoped that every citizen, and particularly the informed, will be entertained by a perusal of its columns. It is an object of great importance that it disclaim all connection with any action, sect, or creed, other than as they approximate to the great principle of a large circulation which the *HERALD* has attained, makes it the most valuable medium in the Territory, and that it offer the use of its columns to those who give publicity to their business; claim, however, the right of *refusing* all liquor and profane advertisements, and of all other immoral tendencies. TERMS OF AD-

to be given certificates for the first three hundred acres of land to be sold. The following is the bill:

To the widow, or if no widow, the child, who are under 21 years of age at the time of the passage of the bill;
To those who, under former laws, received warrants for a less amount than they are entitled to, and who have made up the deficiency to that amount.

FARMERS, ATTENTION!

ORANGE HEDGES—Persons in want of LAWRENCE'S, at an early day, should not neglect buying one or more of these five millions of pounds sterling, and receive orders through G. W. BROWN, Esq., of *Credit of France*, for quantities of the same in Lawrence City, Tennessee, as being navigation, for \$2 a thousand. It is very true that the market price will rise during that first two years after being bought; they require about the same amount for our money, but it will be so after which—everything favorable—they answer all the purposes of rail fence, many times more durable than the latter.
